

Magnifier Loupe with Scale & LED Triplet Loupes

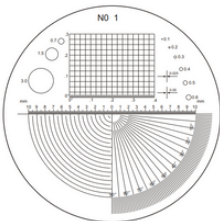

The Magnifier Loupe with Scale and LED Triplet Loupes are introduced. The Magnifier Loupe with Scale is used for general inspection and has a large field of view, achromatic optical system, and 0.1mm graduations measuring scale. The LED Triplet Loupes have an integrated measuring scale for precise measurements of small parts and are available in different magnifications and UV light triplets. All Loupe Magnifier Lenses fold and fit in your pocket and provide good depth of field with minimal glare.

1. 10x-30mm Magnifier Loupe with Scale - [KHM7174](#)

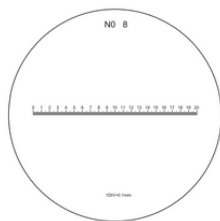

Product Specification

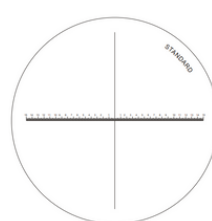

- Magnification: 10x
- Lens Ø: 30 mm
- Number of LEDs: 8
- Smallest graduation: 0.1 mm
- Total length measurable: 30 mm
- Field of vision: 34 mm
- Lens: 3 double lenses
- Focus ring: yes
- Appearance: Cylindrical
- Dimension: 60 x 45 mm

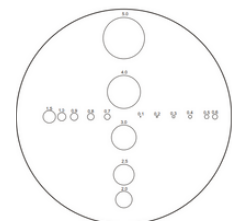

Scale # 1: Multi use LC:
0.1mm

Scale # 8: Linear scale and
LC : 0.1mm

Scale #13: Linear
scale with cross hair

Scale #6: Diameter
Range 0.1 - 5mm

1. Triplet Loupes without LED

Triplet Loupe 10x/21mm -KTL7014

Triplet Loupe 15x/21mm - KTL7014

Triplet Loupe 20x/21mm-
KTL7014

Triplet Loupe 30x/21mm - KTL7014

Product Specification

- Triplet (aplanatic & achromatic) lens
- Focal distance 28 mm/1.1"
- Linear field of view 17 mm
- Weight 47 grams

2. Triplet Loupes with LED

LED Triplet Loupe
10x/21mm - KTL7801

LED Triplet Loupe
15x/21mm - KTL7801

LED Triplet Loupe
20x/21mm - KTL7801

LED Triplet Loupe
30x/21mm - KTL7014

Product Specification

- Triplet (aplanatic & achromatic) lens
- Focal distance 28 mm / 1.1"
- Linear field of view 17 mm
- Weight 47 grams
- Metal construction (chromed)

3. Triplet Loupes with UV+LED

UV+LED Triplet Loupe
10x/21mm - KTL7802

UV+LED Triplet Loupe
15x/21mm - KTL7802

UV+LED Triplet Loupe
20x/21mm - KTL7802

UV+LED Triplet Loupe
30x/21mm - KTL7802

Product Specification

- 6 LED Lights with UV Lights
- Achromatic & Aplanatic Loupe
- Material: Metal (aluminum)
- Foldaway Design
- Powered by 3 x LR927 button batteries

Note: This is an original triplet loupe and has an excellent resolution and achromatic lens.
